QUERY 2- Actom (pty) Ltd- High Voltage Equipment

Tender Enquiry Page Ref.	Document Description and Statement/ Query/ Clarification Required
59 Of 74	Kindly note, on your Bill of Quantities, page 59 OF 74, items 10, 11 and 12. These items won't be easy to be offered now with the bid considering that your bid enquiry consist of Circuit Breakers from various OEMs (about 10 OEMs). Meaning if we quote these items your BOQ needs to be divided into 10 (per OEM). Secondly, some of the Circuit Breakers have been discontinued because their OEMs doesn't exist anymore. There are no available spares for them. Repairing these Circuit Breakers will be uneconomical. These Circuit Breakers are: SPRECHER AND SHUH, MITSUBISHI and REYROLLE. To quote these items, we propose to quote them in line with <i>clause 7.5 Condition Assessment, Under Section 7:</i>

CLARITY FOR QUERY 2

- The BOQ calls for hourly rates of the Circuit breaker Specialist, Electrician and Semi-skilled only, a way forward for instances where spares are not available or circuit breakers being uneconomical to repair will be determined following the condition assessment as the clause 7.5.
- For item 10 -132 kV Siemens 3AP1FG long SF6 gas pipes are affected
- For Item 11 -132 kV Siemens 3AP1FG
- For Item 12 Siemens 3AP1FG and ABB LTB 145 D1
