T2.2.9 **MBD 9: CERTIFICATE OF INDEPENDENT BID DETERMINATION**

NOTES

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

- 1.0 This Municipal Bidding Document (MBD) must form part of all **bids**¹ invited.
- 2.0 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or **bid rigging**).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3.0 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4.0 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of **bid rigging**.
- 5.0 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

(Bid Number and Description)

in response to the invitation for the bid made by:

2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect.
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:

 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience.
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder.
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement, or arrangement with any competitor. However, communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.

- (a) prices.
 - (b) geographical area where product or service will be rendered (market allocation).
 - (c) methods, factors or formulas used to calculate prices.
 - (d) the intention or decision to submit or not to submit, a bid.
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid.
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements, or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

SECTION 7: SCOPE AND SPECIFICATION OF REQUIRED SUPPLY / SERVICES**SCOPE**

This project calls for waterproofing to the expansion joints of the Moses Mabhida Stadium, Sugar Ray Xulu Stadium, Princess Magogo Stadium, and King Zwelithini Stadium which also including the 12 months maintenance warranty.

BACKGROUND**Moses Mabhida Stadium:**

The expansion joint was installed with a Migutan expansion joint. It appears with that there is no waterproofing membrane underneath the Migutan expansion joint system which is causing the water ingress in the below offices. On either side on the Migutan expansion joint is a build which is cracking extensively and is also a cause of the water ingress. The joint appears to have open +/- 50 mm in certain areas. The concrete upstand has been left completely un-treated and the water will entire the upstand and run to the lowest point in the concrete slab. Some repair work was inspected - i.e. the torch on membrane but is not fit for purpose and cannot handle the movement which leads to the material simply tearing.

Princess Magogo:

The Princess Magogo grandstand water ingress is coming through expansion joints. There has been no maintenance to the joint sealant and the joint sealant has perished. The joints require a waterproofing membrane as well which allows for movement. It is also identified extensive leaks from the roof sheeting roof which also needs to be waterproofed. The gutters appear to be blocked with debris, rubble and litter which need to be flushed and clear of all rubble and debris. The column cracks are extensive and require to be waterproofed with a reinforced acrylic membrane around. Some of the cover flashings have perished over time and require new membrane. The horizontal and longitudinal joints are also a cause of concern for water ingress.

Sugar Ray Xulu:

water ingress from the grandstand, it the evident that the leaks are the result of a number of issues caused by the expansion joints, the cracks in the concrete, the windowsills, door thresholds, full-bore outlets, balustrade penetrations and vertical.

side walls are saturated with damp and water due to the water entering through the plaster and roof membrane also damaged which also need to be repaired.

King Zwelithini:

The stadium has numerous issues causing water ingress, from the corroded roof sheets, gutters and downpipes from the roof which need to be waterproofed, pressured cleaned/flushed and the expansion joints from the grandstand also cause water ingress to the offices, suites and players changerooms.
