1. INTRODUCTION

THE RENAISSANCE THEATRE, trading as THE SOUTH AFRICAN STATE THEATRE, a cultural institution in terms of the provisions of section 3(1) of the Cultural Institutions Act, 1998, also a Schedule 3A Public entity under the Public Finance Management Act, 1999 (the “SAST”), is a public entity tasked with the development, promotion and mainstreaming of Arts, Culture and Heritage programmes to contribute to the economic development of the sector and to foster social cohesion in Tshwane, greater Gauteng and all the citizens of our Society.

2. BACKGROUND

Over the past years, funding was always very limited for the maintenance and procurement/modernization of theatre and stage-related equipment and facilities. To this end, the theatre has had to contend with either frequent repairs of equipment; the use of old and sometimes unreliable equipment; or hiring modern equipment at a great cost. The long-term focus then is to fix and procure stage technical infrastructure that will:

- Enhance our financial performance by reducing some operational costs (e.g. repairs, hiring)
- Allow us to offer a truly world-class and industry leading service and equipment to host leading artists.

3. PURPOSE

The equipment in the Drama and Opera Theatre is outdated and needs urgent upgrades and or replacement. The systems are not running to capacity due to old technology that cannot be integrated with other systems.

This project will address the lighting requirements in the Drama Theatre. The project will ensure that the latest technology is used, and the theatre keeps up to date with the ever-increasing demands of users when programming productions. This will also ensure that the theatre attracts rentals and can showcase the best value for money in-house productions.

- Supply, deliver, install and commission new stage lighting equipment, as per the detailed product specification.
- Issue a Certificate of completion and product safety conformity.

- Provide a minimum of one (1) year workmanship warranty (on the installation).
- Provide an Operators’ manual; and

5. SUPPLIER DUE DILIGENCE

This may include site visits to the bidder's premises and/or to the bidder's customer references. Short-listed bidders may be invited to make presentations at the SAST, at their own cost.
