

REQUEST FOR INFORMATION

The purpose of this **Request for Information (RFI)** is to identify possible suppliers with the specialized capabilities, that will be able to supply the required services or products to Denel Guided Weapon as indicated in this RFI. Following which the suppliers with required capability will be invited to participate on a closed bidding process/closed tender.

Denel Guided Weapon, **a division of Denel SOC Ltd**, an innovative leader in advanced systems technology. Our core business includes tactical missiles, precision guided weapons, unmanned aerial vehicle systems. Our products are designed, developed and manufactured in South Africa. Denel Guided Weapon is a strategic partner of the South African National Defence Force.

RFI Reference Number	EO-SAT1-20240730/01
Denel Guided Weapon, a division of Denel SOC Ltd	Address: Nelmapius Drive, Centurion, Pretoria Websites: www.deneldynamics.co.za / www.denel.co.za
Description of RFI:	Locally design, manufacture, test and commission a flight model satellite with similar specifications defined in Annexure F.
Issue date of RFI:	30 July 2024
RFI supporting documents (If applicable):	EO-SAT1 Specifications (See Annexure F)
Compulsory onsite briefing:	Not applicable to this RFI
RFI closing date and time:	12 August 2024 @ 12H00
<i>Suppliers should ensure that information is delivered timeously and to the correct email address (reflected on the cover page of this RFI document). If the information is late, it will not be considered for evaluation.</i>	
RFI evaluation completion date:	15 August 2024
<i>Denel Guided Weapon may seek clarification from and enter into discussions with any or all of the Suppliers in relation to their RFI information provided. Denel Guided Weapon may use the information obtained when clarification is sought or discussions are held in interpreting the RFI information and evaluating the cost and risk of accepting the RFI information. Failure to supply clarification to the satisfaction of Denel Guided Weapon may render the RFI information liable to disqualification.</i>	
RFI delivery e-mail address:	procadmin@denel.co.za
RFI enquiry email address:	
ALL RFI RESPONSES MUST BE COMPLETED USING THE ENGLISH LANGUAGE

ANNEXURES

- ANNEXURE A:** SUPPLIER DETAILS
- ANNEXURE B:** SUPPLIER REFERENCES
- ANNEXURE C:** COMPULSARY AND SUPPLIER SUPPORTING DOCUMENTS
- ANNEXURE D:** SUPPLIER DECLARATION
- ANNEXURE E:** RFI IMPORTANT INFORMATION
- ANNEXURE F:** EO-SAT1 SPECIFICATIONS

SECTION 1: DEFINITIONS

1.1	SOC	State Owned Company, as defined by the Companies Act;
1.2	Compulsory documents	List of compulsory schedules and documents set out in annexure C;
1.3	SARS	South African Revenue Service;
1.4	RFI	Request for information.
1.5	MC	Major Component of a Satellite
1.6	ADCS	Attitude Determination and Control System
1.7	C&DH	Command and Data Handling
1.8	COMMS	Communications System
1.9	AIT	Assembly, Integration & Testing
1.10	FDR	Flight Design Review
1.11	FMR	Flight Model Review
1.12	LEOP	Launch and Early Operations

RESTRICTED

SECTION 2: OVERVIEW OF REQUIREMENT

Denel Guided Weapons is a supplier of Conventional Missile Systems, Unmanned Aerial Vehicles, satellite systems and defence related solutions.

The purpose of this RFI document is to identify suppliers:

- a. That possess the relevant knowledge and previous experience to design, manufacturing, assembly, integration, testing, training and mission operations of satellite
- b. Can locally manufacture a flight ready Satellite with no additional development work as close as possible to the specifications contained in Annexure F, including training requirement contained in (c) below.
- c. Train a minimum of 30 previously disadvantaged persons in the design, manufacture, assembly, integration, testing and mission operations of the satellite.
- d. Complete the manufacture and commissioning of the Flight Model Satellite within 24 months from the start of the contract.
- e. Deliver the requisite flight software to control and commission the satellite.
- f. Provide the satellite data pack, operator's manual and all test documentation as required during the various phases of the satellite program.
- g. Provide the required data for creating the software driver for interfacing the Denel's Mission Control Software.

RESTRICTED

SECTION 3: INFORMATION REQUESTED

As outputs to the RFI, the Supplier shall provide the following:

1. Technical Specification of the supplied flight model Satellite
2. Satellite Mission Lifespan
3. A project lifecycle for the production of the FM Satellite in accordance with program priorities similar to Table 3.1 below:

Item no.	Description	Timeline
1	SATELLITE FLIGHT MODEL DELIVERY AND COMMISSIONING:	
1.1	Satellite Flight Model Project Overview Review – SFMPOR	
1.2	Flight Model Detail Design – FDR	
1.3	Fabrication, Qualification – FMR	
1.4	Assembly, Integration & Testing – FAR	
1.5	Human Capital Development (HCD)	
1.6	LAUNCH AND EARLY OPERATIONS (LEOP) which includes:	
1.6-1	Launch Campaign – FRR	
1.6-2	Commissioning - ORR	
1.6-3	Early Operations - PLAR	

Table 3.1: Satellite Flight Model Project Lifecycle

4. The Supplier shall disclose all the Major Components (MCs) manufacturing origin similar to Table 3.2 below (include additional MCs which are also contained in the supplied satellite):

RESTRICTED

REQUEST FOR INFORMATION

ITEM	MC	Description	Local/Foreign Manufacturer	Country of Origin
1	ADCS	Attitude Determination and Control System		
1.1	STARCAM	Star Camera		
1.2	FSS	Fine Sun Sensor		
1.3	MAGN	Magnetometer		
1.4	MTC	Magnetic Torque Coils		
1.5	RW	Reaction Wheels		
2	C&DH	Command and Data Handling		
2.1	OBC	On-Board Computer		
2.2	OBS	On-Board Storage Unit		
2.3	GPS	Global Positioning System		
3	POWER	Power System Unit		
3.1	BAT	Satellite Batteries		
3.2	SOLAR	Solar Panels		
3.3	PCU	Power Conditioning Unit		
4	COMMS	Communications System Unit		
4.1	CTS	Command Transceiver (S-Bands)		
4.2	DTX	Data Transmitter (X-Band)		
5	PROPULSION	Propulsion device		
6	HI-RES PAYLOAD	Hi-Resolution Payload		
7	DE-ORBIT DEVICE	De-orbit device		
8	MECH-STRUCTURE	Satellite Primary Structure		
9	OPTICAL-PAYLOAD	Optics for Hi-Res Payload		

Table 3.2: Flight Model Satellite Major Components

RESTRICTED

SECTION 4: RESPONSE EXPECTATIONS

Please supply the following information regarding your companies' resource, facility and capabilities related to the supplied Flight Model Satellite. Mark the applicable box with a "Y" or "N".

No	Capability Requirement	Indicate your companies' capability
1	Engineering	Yes / No
1.1	Manufacturer can supply and locally integrate and test the Satellite.	
1.2	The Satellite's Major Components can be sourced locally as far as practically possible.	
1.3	Supplier has the requisite manpower to build and commission the satellite.	
1.4	Include the Certificate of Conformance (CoC) and Test Results for each Major Component (MC).	
1.5	Provide the Satellite Data Packs and User Manuals for the built satellite.	
1.6	Provide the Satellite Control Software (Windows 10/11 based) to perform diagnostics, control the satellite, setup payload image acquisition at specific locations, store acquisitioned images on the Satellite storage unit and download the payload image data.	
1.7	Provide the required data pack to enable Denel to create a software driver for interfacing the supplied satellite control and data acquisition with its internal Mission Control Software (MCS).	
2	Experience	Yes / No
2.1	Previously launched and commissioned the same satellite.	
3	Manufacturing: Equipment and Facilities	In-house (Y/N)
3.1	Supplier has facilities to integrate the flight model satellite.	

RESTRICTED

REQUEST FOR INFORMATION

3.2	Supplier has the requisite calibrated instruments to test the flight model satellite and the sub-systems.	
4	Human Resource Development	In-house (Y/N)
4.1	Supplier can align with the Human Capital Training Program as defined in the Table 5.3.	
5	Processes	In-house (Y/N)
5.1	Configuration Management implemented.	
5.2	Satellite Major Component Build history record keeping.	
5.3	Quality Management Certification.	
6. References: (Supply info of at least 3 references)

RESTRICTED

SECTION 5: RFI CLARIFICATION

- 5.1 The Supplier's shall provide the specification of the Flight Model Satellite they can manufacture and integrate locally. Should any of the parameters differs from the specification detailed in Annexure F, the supplier is required to list the differences in a comparative table.
- 5.2 The Supplier shall consider the following project objectives and goals and complete the checklist listed below:

No	Objective Description	Parameter Description	Y/N
1	Flight Model Satellite manufacturing and commissioning	As per user requirement specification.	
2	Minimum Satellite Mission Lifespan	5yrs	
3	Satellite Major Components (MCs)	Internally manufactured or locally source as far as practically possible	
4	Compulsory Payload	Hi-Res Imager defined Annexure F	
5	Human Capital Development Program (HCD)	BBEE Training development program during the satellite build and commissioning	
6	Industrial participation	Supplier is required to procure from local suppliers as far as practically possible	
7	SA Technology & Industrial Development	Supplier is required to contract local industrial resources as far as practically possible	
8	Flight Model Satellite manufacturing and commissioning schedule	24 months max	
10	Reliability	The Supplier is required to specify MCs inherent reliability, which MCs have redundancy and/or has historical heritage	
11	Quantity and quality of image data	Minimum 7 Spectral Bands with 30km swath & 2m GSD and a lossless compression option	
12	Minimum hi-res image satellite to ground station downlink speed	400Mbits or higher	

Table 5.2: FM Satellite Program Objectives

- 5.3 The Supplier/Manufacturer of the Flight Model Satellite shall train a minimum of 30 previously disadvantaged persons in the design, manufacturing, assembly, integration, testing and mission operations of the satellite in accordance with *Table 5.3* below. The contractor shall provide DENEL with a Training & Development Plan addressing the following requirement:

RESTRICTED

Table 5.3: Satellite HCD Skills Development Table

From the above table, the Supplier shall focus training on the major components, satellite manufacturing and phases listed above. Outputs for the above shall include (but not limited to):

- Training courses including learning outcomes and goals.
- Training certificates for all the students when completing the course(s).

RESTRICTED

- 5.4 The Supplier shall use the Hi-Res Imager Capture Specifications in Table 5.4 as a guideline including that listed in Annexure F. If any of specifications differ (minor only), the Supplier should highlight the differences in a comparative table.

Characteristic	Value / Description				
Optical Configuration	Astrograph				
Focal plane	Flat focal plane containing four sensors:4 x 7 Band Linear TDI sensors				
Spectral bands	7 spectral bands				
Swath	30km				
Pan Band	P1 = 480nm – 690nm				
MS Bands	SPECTRAL BANDS		EO-Sat1 at 700 km orbital altitude		
	Band	λ_c (nm)	λ_w (nm)	HiRes GSD	MedRes GSD

REQUEST FOR INFORMATION

ANNEXURE A: SUPPLIER DETAILS

The following particulars must be furnished and where required supplier must provide supporting documentations. *Failure to do so may result in supplier RFI being disqualified.*

NAME OF SUPPLIER:	
POSTAL ADDRESS:	
STREET ADDRESS:	
CONTACT PERSON (FULL NAME):	
E-MAIL ADDRESS:	
TELEPHONE NUMBER:	
FAX NUMBER:	
WEBSITE / COMPANY PROFILE: <i>Supplier must submit website address and if no website company profile detailing core business.</i>	Compulsory – submitted with this RFI
TAX CLEARANCE STATUS: <i>Supplier must submit tax reference number and SARS good standing tax pin for verification. Supplier must be tax compliant when submitting RFI proposal.</i>	Compulsory – submitted with this RFI
B-BBEE STATUS: <i>Supplier to submit Affidavit or B-BBEE certificate that is still valid.</i>	Compulsory – submitted with this RFI
REGISTERED WITH THE NATIONAL TREASURY CENTRAL SUPPLIER DATABASE (CSD). <i>Supplier to submit detailed CSD report that includes verified banking details.</i>	Compulsory – submitted with this RFI
HOW LONG IN BUSINESS:	
HOW MANY EMPLOYEES:	
FULL NAME OF AUTHORISED REPRESENTATIVE:	
CAPACITY IN WHICH AUTHORISED REPRESENTATIVE SIGNS:	
SIGNATURE OF AUTHORISED REPRESENTATIVE:	
DATE OF SIGNATURE	
Does supplier have a valid National Conventional Arms Control (NCAC) permit in place?	YES ☐ NO ☐

RESTRICTED

ANNEXURE B: SUPPLIER REFERENCES

Supplier to provide references (maximum 3) for same or similar work already executed.
Failure to do so may result in your RFI being disqualified.

NAME OF SUPPLIER (1):	
CONTACT PERSON (FULL NAME):	
STREET ADDRESS:	
EMAIL ADDRESS:	
TELEPHONE / CELL NUMBER:	
NAME OF SUPPLIER (2):	
CONTACT PERSON (FULL NAME):	
STREET ADDRESS:	
EMAIL ADDRESS:	
TELEPHONE / CELL NUMBER:	
NAME OF SUPPLIER (3):

ANNEXURE C: COMPULSORY AND SUPPLIER SUPPORTING DOCUMENTS

Supplier to submit compulsory documents and list all other supporting documents submitted with this RFI for evaluation.

COMPULSORY DOCUMENTS TO BE SUBMITTED BY SUPPLIER Should all of these documents not be included, the RFI may be disqualified on the basis of non-compliance.		
1	Denel Guided Weapon RFI document completed	☐
2	B-BBEE Affidavit or Certificate that has not expired.	☐
3	SARS Tax document listing supplier's [1] tax reference number and valid [2] Good Standing pin for online verification.	☐
4	Central Supplier Data (CSD) summary report that must show verified banking details.	☐
5	Supplier website or company profile clearly stating core business.	☐
SUPPLIER SUPPORTING INFORMATION / DOCUMENTS		
6	Suppliers Conditions of Sale if in place	☐

ANNEXURE D: SUPPLIER DECLARATION

1. Does the enterprise/duly authorized representative, and/or any of its employees, management, partners, members, directors, shareholders, trustees and/or beneficiaries have any relationship (family, friend, business or financial interest) with a person(s) in the employ of Denel SOC Ltd and/or in the employ of any entity acting on behalf of Denel SOC Ltd, who may directly or indirectly be involved in or may be in a position to influence the awarding of any future contracts or tender(s)/bid(s)?

☐ Yes ☐ No

If 'Yes', state the full particulars of the person(s) with whom the relationship exists, the nature of the relationship and the current position/status of such employee(s) of Denel SOC Ltd and/or the entity acting on behalf of Denel SOC Ltd herein. *(If insufficient space, please attach signed supporting documentation on a company letterhead.)*

2. Can the above relationship potentially give the enterprise or its representative(s) access to information emanating from Denel SOC Ltd business units(s) who may be the custodian of any future contracts or bids?

☐ Yes ☐ No

Company Name:

Company Address:

I, THE UNDERSIGNED (FULL NAME)

CERTIFY THAT THE INFORMATION FURNISHED ON THIS DECLARATION FORM IS COMPLETE, TRUE AND CORRECT.

Managing Director or duly authorized representative

RESTRICTED

ANNEXURE E: RFI IMPORTANT INFORMATION

E1: STATUS OF REQUEST FOR INFORMATION

This RFI is an invitation for person(s) to submit information for the provision of the services as set out in this RFI. Accordingly, this RFI must not be construed, interpreted, or relied upon, whether expressly or implicitly, as an offer capable of acceptance by any person(s), or as creating any form of contractual, promissory, or other rights. No binding contract or other understanding for the supply of products/services will exist between Denel Guided Weapon and any Supplier unless and until Denel Guided Weapon has executed a formal written contract with the successful Supplier.

E2: ACCURACY OF THE RFI

Whilst all due care has been taken in connection with the preparation of this RFI, Denel makes no representations or warranties that the content in this RFI or any information communicated to or provided to Suppliers during the RFI Process is, or will be, accurate, current or complete. Denel Guided Weapon, and its officers, employees and advisors will not be liable with respect to any information communicated which is not accurate, current or complete.

If a Supplier finds or reasonably believes it has found any discrepancy, ambiguity, error or inconsistency in this RFI or any other information provided by Denel Guided Weapon (other than minor clerical matters), the Supplier must promptly notify Denel Guided Weapon in writing of such discrepancy, ambiguity, error or inconsistency in order to afford Denel Guided Weapon an opportunity to consider what corrective action is necessary (if any).

Any actual discrepancy, ambiguity, error or inconsistency in this RFI or any other information provided by Denel Guided Weapon will, if possible, be corrected and provided to all Suppliers without attribution to the Supplier who provided the written notice.

E3: ADDITIONS AND AMENDMENTS TO THE RFI

Denel Guided Weapon reserves the right to change any information in, or to issue any addendum to this RFI before the Closing Date and Time. Denel Guided Weapon and its officers, employees and advisors will not be liable in connection with either the exercise of, or failure to exercise this right.

If Denel Guided Weapon exercises its right to change information, it may seek amended RFI from all Suppliers.

E4: CONFIDENTIALITY

All persons (including all Suppliers) obtaining or receiving this and any other information about this RFI must keep the contents of the RFI and other such information confidential, and not disclose or use the information except as required for the purpose of developing feedback in response to this RFI.

E5: UNAUTHORISED COMMUNICATIONS

Communication (including promotional or advertising activities) with staff of Denel Guided Weapon or their staff assisting with the RFI Process is not permitted during the RFI Process. Nothing in this Clause 11 is intended to prevent communications with staff of, or advisors to, Denel Guided Weapon to the extent that such communication is not related to this RFI Process.

Suppliers must not otherwise engage in any activities that may be perceived as, or that may have the effect of, influencing the outcomes of the RFI in any way.

RESTRICTED

E6: IMPROPER ASSISTANCE, FRAUD AND CORRUPTION

Suppliers may not seek or obtain the assistance of employees of Denel Guided Weapon in the preparation of their RFI responses.

Denel Guided Weapon may in its absolute discretion, immediately disqualify a Supplier that it believes has sought or obtained such improper assistance.

Suppliers are to be familiar with the implications of contravening the Prevention and Combating of Corrupt Activities Act, 2004 and any other relevant legislation.

Any improper communication, canvassing, or engagement with any Denel Guided Weapon people/person/representative will result in immediate disqualification from the RFI process.

E7: COMPLAINTS ABOUT THE RFI PROCESS

Any complaint about the RFI or the Information Gathering Process must be submitted to the Tender Office via the RFI Response email address, by email only, immediately upon the cause of the complaint arising or becoming known to the Supplier.

- The written complaint must set out:
- the basis for the complaint, specifying the issues involved;
- how the subject of the complaint affects the organisation or person making the complaint;
- any relevant background information; and
- the outcome desired by the person or organisation making the complaint.

If the matter relates to the conduct of an employee of Denel Guided Weapon, the complaint should be addressed in writing marked for the attention of the Chief Executive Officer of Denel Guided Weapon, and delivered to the physical address of Denel Guided Weapon, as notified.

E8: CONFLICT OF INTEREST

A Supplier must ensure that its officers, employees, agents and advisors do not place themselves in a position that may give rise to actual, potential or perceived conflict of interest between the interests of Denel Guided Weapon and the Supplier's interests during the RFI Process.

The Supplier is required to provide details of any interests, relationships or clients which may or do give rise to a conflict of interest in relation to the supply of the products/services under any contract that may result from this RFI.

- Supplier to complete annexure D Supplier Declaration.

If the Supplier submits its RFI and a subsequent conflict of interest arises, or is likely to arise, which was not disclosed in the RFI, the Supplier must notify Denel Guided Weapon immediately in writing of that conflict.

Denel Guided Weapon may immediately disqualify a Supplier from the RFI Process if the Supplier fails to notify Denel Guided Weapon of the conflict of interest as required.

E9: LATE SUBMISSION OF INFORMATION

Information must be delivered by the Closing Date and Time. The Closing date and time may be extended by Denel Guided Weapon in its absolute discretion by providing written notice to Suppliers.

Information delivered after the Closing date and Time or lodged at a location or in a manner that is contrary to that specified in this RFI will be disqualified from the Information Gathering Process and will be ineligible for consideration. No Late submissions will be accepted.

The determination by Denel Guided Weapon as to the actual date and time that the information is submitted is final.

E10: SUPPLIER'S RESPONSIBILITIES

Suppliers are responsible for:

- examining this RFI and any documents referenced or attached to this RFI and any other information made or to be made available by Denel Guided Weapon to Suppliers in connection with this RFI;
- fully informing themselves in relation to all matters arising from this RFI, including all matters regarding Denel Guided Weapon requirements for the provision of the Services;
- ensuring that their Submitted information are accurate and complete;
- making their own enquiries and assessing all risks regarding this RFI, and fully considering and incorporating the impact of any known and unknown risks into their submitted information;
- submitting all Compulsory Documents.

E11: ILLEGIBLE CONTENT, ALTERATION AND ERASURES

Denel Guided Weapon may disregard any content in a RFI response that is illegible and will be under no obligation whatsoever to seek clarification from the Supplier.

Denel Guided Weapon may permit a Supplier to correct an unintentional error in its RFI response where that error becomes known or apparent after the closing time, but in no event, will any correction be permitted if Denel Guided Weapon reasonably considers that correction would materially alter the substance of the RFI response or affect the fairness of the RFI process.

E12: OBLIGATION TO NOTIFY ERRORS

If, after a Supplier's Response has been submitted, the Supplier becomes aware of an error in its Response (including an error in pricing, but excluding clerical errors which would have no bearing on the evaluation of the RFI), the Supplier must promptly notify Denel of such error before closing date and time of the RFI.

E13: RESPONSIBILITY FOR RFI COSTS

The Suppliers participation or involvement in any stage of the RFI Process is at the Suppliers sole risk, cost and expense. Denel Guided Weapon will not be held responsible for, or pay for, any expense or loss that may be incurred by Suppliers in relation to the preparation or lodgement of their RFI information.

Denel Guided Weapon is not liable to the Supplier for any costs on the basis of any contractual, promissory or restitution grounds whatsoever as a consequence of any matter relating to the Supplier's participation in the RFI Process, including without limitation, instances where:

- the Supplier is not engaged to perform under any contract; or
- Denel Guided Weapon exercises any right under this RFI or at law.

E14: DISCLOSURE OF RFI CONTENTS AND RFI INFORMATION

All the RFI information received by Denel Guided Weapon will be treated as confidential. Denel Guided Weapon will not disclose contents of any RFI and any RFI information, except:

- as required by law;
- for the purpose of investigations by other government authorities having relevant jurisdiction;
- to external consultants and advisors of Denel Guided Weapon engaged to assist with the RFI Process; or for the general information of Suppliers required to be disclosed as per National Treasury Regulations, Guidelines, Instruction Notes or Practice Notes.

RESTRICTED

E15: USE OF RFI INFORMATION

Upon submission in accordance with the requirements relating to the submission of RFIs, all RFI information submitted become the property of Denel. Suppliers will retain all ownership rights in any intellectual property contained in the RFI information.

Each Supplier, by submission of their RFI information, is deemed to have licensed Denel to reproduce the whole, or any portion, of their RFI information for the sole purposes of enabling Denel to evaluate the RFI feedback.

E16: RFI INFORMATION ACCEPTANCE

All RFI information received must remain open for acceptance for a minimum period of 30 (thirty) days from the Closing Time. This period may be extended by written mutual agreement between Denel Guided Weapon and the Supplier.

E17: CLARIFICATION OF RFI INFORMATION

Denel Guided Weapon may seek clarification from and enter into discussions with any or all of the Suppliers in relation to their RFI information.

Denel Guided Weapon may use the information obtained when clarification is sought or discussions are held in interpreting the RFI information and evaluating the cost and risk of accepting the RFI information.

Failure to supply clarification to the satisfaction of Denel Guided Weapon may render the RFI information liable to disqualification.

Denel Guided Weapon is under no obligation to seek clarification of anything in a RFI information and reserves the right to disregard any clarification that Denel Guided Weapon considers to be unsolicited or otherwise impermissible or irrelevant in accordance with the rules set out in this RFI.

E18: DISCUSSION WITH SUPPLIERS

Denel Guided Weapon is under no obligation to discuss the outcome of the RFI process with any of the Suppliers.

ANNEXURE F: EO-SAT1 SPECIFICATION – Page 1

EO-Sat1

HIGH PERFORMANCE
EARTH-OBSERVATION SATELLITE

PAYLOAD

EO-Sat1 carries two imaging instruments: a high resolution (HiRes) and a medium resolution (MedRes) instrument. The HiRes consists of a modified Ritchey-Chrétien astrograph front end, while the MedRes consists of a Double Gauss refractive front end. Both instruments provide large focal planes and low optical aberrations, while delivering true diffraction limited performance over the full spectral range from 400 to 930 nm. Two identical sets of Time Delayed Integration (TDI) capable sensors provide 10 spectral bands for each instrument. The number of TDI stages are in-flight configurable to allow optimisation of the dynamic range and signal to noise ratio per band.

The HiRes swath is centred within the MedRes swath, and the two instruments can be operated simultaneously or separately.

The dual-redundant on-board data storage can store up to 700 square scenes, which equates to 23.7 million km² of MedRes imagery, or 0.7 million km² of HiRes imagery.

SPECTRAL BANDS EO-Sat1 at 700 km orbital altitude

Band	λ_c (nm)	λ_w (nm)	HiRes GSD	MedRes GSD
Deep Blue	425	50	10 m	60 m
Blue	490	65	10 m	60 m
Green	560	35	10 m	60 m
Yellow	605	40	10 m	60 m
Red	660	60	2.5 m	15 m
Red Edge-1	703	25	2.5 m	15 m
Red Edge-2	745	25	10 m	60 m
NIR-1	783	40	10 m	60 m
NIR-2	865	40	10 m	60 m
NIR-3	910	40	10 m	60 m

In a lower orbit, EO-Sat1 will gain GSD at the cost of swath. At 500 km, for example, the HiRes has GSDs of 1.8 and 7.2 m with a swath of 22 km, while the MedRes has GSDs of 11 and 43 m with a swath of 131 km.

RESTRICTED

ANNEXURE F: EO-SAT1 SPECIFICATION – Page 2

EO-Sat1

HIGH PERFORMANCE
EARTH-OBSERVATION SATELLITE

EO-Sat1 carries two imaging instruments: a high resolution (HiRes) and a medium resolution (MedRes) instrument. The HiRes consists of a modified Ritchey-Chrétien astrograph front end, while the MedRes consists of a Double Gauss refractive front end. Both instruments provide large focal planes and low optical aberrations, while delivering true diffraction limited performance over the full spectral range from 400 to 930 nm. Two identical sets of Time Delayed Integration (TDI) capable sensors provide 10 spectral bands for each instrument. The number of TDI stages are in-flight configurable to allow optimisation of the dynamic range and signal to noise ratio per band.

The HiRes swath is centred within the MedRes swath, and the two instruments can be operated simultaneously or separately.

The dual-redundant on-board data storage can store up to 700 square scenes, which equates to 23.7 million km² of MedRes imagery, or 0.7 million km² of HiRes imagery.

SPECTRAL BANDS		EO-Sat1 at 700 km orbital altitude		
Band	λ_c (nm)	λ_w (nm)	HiRes GSD	MedRes GSD
Deep Blue	425	50	10 m	60 m
Blue	490	65	10 m	60 m
Green	560	35	10 m	60 m
Yellow	605	40	10 m	60 m
Red	660	60	2.5 m	15 m
Red Edge-1	703	25	2.5 m	15 m
Red Edge-2	745	25	10 m	60 m
NIR-1	783	40	10 m	60 m
NIR-2	865	40	10 m	60 m
NIR-3	910	40	10 m	60 m

In a lower orbit, EO-Sat1 will gain GSD at the cost of swath. At 500 km, for example, the HiRes has GSDs of 1.8 and 7.2 m with a swath of 22 km, while the MedRes has GSDs of 11 and 43 m with a swath of 181 km.
