PART 3
THE REQUIRED SERVICES AND SCOPE OF WORK

**ANTI LAND INVASION AND RELOCATION SERVICES IN PRECINCTS AND MBDA MANDATE SITES
(MBDA LIR 26/23)**

1. Introduction

The Mandela Bay Development Agency (MBDA) is a municipal entity of the Nelson Mandela Bay Municipality (NMBM) with the mandate to transform spaces, people, and the economy of the Bay. The MBDA hereby calls for interested and qualified service providers to submit proposals for a **PANEL OF SERVICE PROVIDERS FOR ANTI LAND INVASION AND RELOCATION SERVICES FOR THE MBDA AS AND WHEN REQUIRED IN MANDATE AREAS.**

2. OBJECTIVE

The objective of these Terms of Reference (TOR) for Panel of Service Providers is to prevent, contain and to reverse land invasion by vagrants within MBDA mandated areas and tourist sites. The Panel will assist with the relocation of families throughout the Nelson Mandela Metropolitan Municipality. The Panel will also assist in the process to evict illegal building and land occupants in MBDA mandate Areas/sites.

3. BACKGROUND

The MBDA has recognized that its mandate area may be affected by illegal occupations or land and buildings by vagrants in the mandate areas. This is as a result of the Nelson Mandela Metropolitan Municipality being at the Heart of the Economy of the Bay and the Eastern Cape. The Mandate areas managed by the MBDA are key economic nodes with significant contribution to the local, regional and national fiscus. Since the dawn of democracy, the MBDA mandate areas and other NMBM areas have experienced rapid urbanization, increased demand for housing and work opportunities and this has created a challenge of lack of adequate housing in close proximity to work opportunities.

This has created a major challenge for the metro in that when opportunities are not realized, some resort to illegal occupation of property/land in the priority precincts and others who are unfortunate are relegated to living in slums and the periphery of the City in informal settlements. The need for housing the poor and displaced persons in close proximity to work opportunities has resulted in the creation of slums in Cities/nodes and informality in the form of informal settlements.

The invasion of land and property is unconstitutional and illegal and thus the need to rectify without infringing of the right of the occupants. Although the occupants may have a legal standing, the consequences of not resolving the illegal occupation of land and property may result in an undesirable urban space which in turn drives away investments from the areas of opportunity.

The land invasions have become sophisticated and run through elaborate organized crime networks. These then enrich the organized syndicates and impoverishes the vulnerable occupants/vagrants.

All owners of property are not guaranteed absolute right to property as contained in Section 25 of the Constitution of the Republic of South Africa, 1996. The Bill of rights does not have superior rights and thus the need to balance the rights through various processes. Section 25 of the constitution states that no one may be arbitrarily deprived of property, and this has provided a basis for illegal occupation and property. It is with the above in mind that the MBDA has made a decision to property City assets and protect it mandated areas from illegal land invasions and building invasions. These Terms of reference seek to interalia, prevent illegal land/property occupation, contain land/property invasions and reverse land/property invasions by vagrants in mandate areas and any other areas as and when required by the Shareholder.

The MBDA thus deems it necessary to establish a panel of service providers to assist the MBDA and its Shareholder (NMBM) in carrying out the mandate.

Hereto attached is the NMBM draft By-Law relating to land invasion and management and control of informal settlements of 2017. This is attached reference purposes.
