MEMORANDUM

REQUEST TO PROCURE THE CISCO UCS SERVER MAINTENANCE AND SUPPORT THROUGH SITA RFB 2003/2014 FOR A PERIOD OF 36 MONTHS

AIM:

To request approval from the DBAC for the procurement of Hardware Maintenance and Support for Cisco UCS Server infrastructure through SITA RFB 2003/2014 for the period for 36 Months.

MOTIVATION:

The Department of Employment and Labour has a massive reliance on uptime and efficient functioning of all server hardware in the data centre. All the Department of Labour systems (Internal and Public facing) runs on the hardware in question. The OCIO must ensure that there are Comprehensive maintenance contracts in place to provide hardware support services within critical timelines, as well as to ensure the availability of spares at all times for all the hardware under the maintenance contract.

Although ICT has ensured that there is an acceptable level of redundancy across all systems, there are however certain key components which will result in an impact on productivity should they fail. Thus, it is imperative that such hardware should be under a maintenance contract with very tight SLA's. With regards to the hardware which are configured with greater levels of redundancy, including the installation of hot spares (e.g. redundant servers) it still does not detract from the importance of high turnaround maintenance contracts. Hardware failures will still need to be addressed quickly to ensure that the datacentre environment is not compromised by multiple failures.

A maintenance contract compels the service provider to ensure that spares are proactively sourced and secured for the Department of Employment and Labour. The maintenance and support is required for a period of 36 months.

Not renewing the hardware maintenance exposes the Department to the following risks should hardware failures occur:

- System performance across one or multiple applications
- Degraded Complete outage of one or multiple applications
- Low productivity or complete loss of productivity
- Inaccessibility of DeL client facing applications

REQUEST TO PROCURE THE CISCO UCS SERVER MAINTENANCE AND SUPPORT THROUGH SITA RFB 2003/2014 FOR A PERIOD OF 36 MONTHS

- Delayed restoration of ICT services depending on procurement processes
- Delayed restoration of ICT services of up to many weeks due to the unavailability of spares.

To ensure service continuity, service providers listed under the SITA RFB 2003/2014 were approached for quotations. Only four responded in which the results of the evaluation are listed below

Company	Total (Incl./ Excl. VAT)	Total Points Scored
Sizwe Africa IT Group	R 2 053 518.37	85.89

FINANCIAL IMPLICATIONS: R2 053 518.37, VAT inclusive.

RECOMMENDATION/ DECISION:

That the Departmental Bid Adjudication Committee approves the procurement of Hardware Maintenance and Support for Cisco UCS Server Infrastructure through SITA RFB 2003/2014 for the period for 36 Months from Sizwe Africa IT Group, at total cost of R 2 053 518.37, VAT inclusive.

Aim:

To obtain approval from the Bid Adjudication Committee for the procurement of Hardware Maintenance and Support for Cisco UCS Server infrastructure through SITA RFB 2003/2014 for the period for 36 Months.

The CSD does not automatically verify foreign company registration number, international securities identification number, foreign identification numbers, foreign passport numbers, work permit numbers, foreign bank accounts, B-BBEE, demographic and accreditation information. Organs of State are required to manually verify this information with the applicable verification institutions as per their current policies and procedures.

CSD REGISTRATION REPORT

Tips and Frequently Asked Questions (FAQ)

Identifier

CSD cannot electronically verify the identity of a supplier other than a South African Individual / Sole Proprietor (through Home Affairs) or a company registered at the Companies and Intellectual Property Commission (CIPC). For this reason, a disclaimer is displayed for supply chain practitioners to obtain supporting documentation to verify the identity and legitimacy of a supplier in these cases.

Bank

For help on how to resolve bank failures click here: [I received an email stating the bank information I captured on the CSD was sent for bank account validation and could not be validated. The response received from the bank contains an error message.](#)
The various possible error messages received from the bank are highSemiBolded in red. Search for the applicable message and follow the detailed steps associated with that error message.

Tax

Tax Compliance Status

For help on how to deal with tax status differences between CSD and the tax clearance certificate click here: [What should a supplier do if the tax status on CSD difference from the tax clearance certificate?](#)

Tax Compliance Expiry Date

For help on how to deal with tax status differences between CSD and the tax clearance certificate click here: [How does CSD determine the tax compliance expiry date?](#)

CIPC

Should the director/member information reflected on the CIPC registration report differs to that reflected on CSD for help click here: [The active Directors/Members are not being populated on the CSD Directors/Members screen as they appear at CIPC, how can I rectify this?](#)

State Employee

For more information pertaining to government employment status click here: [Will there be verification done to identify if a supplier is a government employee?](#)

BBBEE

CSD does not automatically verify all certificate information with the various accreditation bodies. Organs of State are required, where not automatically verified by CSD, to manually verify this information with the applicable accreditation body as per current policies and procedures. Expired certificate information do not reflect on the report.

RESTRICTION

Restricted Supplier - A supplier is restricted by using the identification number of the entity e.g. CIPC registration -, trust -, Social Development non-profit -, South African ID -, Foreign company registration number or ID number. If there is more than one CSD Supplier profile registered on CSD with the same entity identification number, all those related supplier profiles will be restricted.

Restricted Director - A director/owner is an individual person and is restricted by using the South African ID or Foreign ID number. If a director belongs to different companies and has been restricted, the director will reflect as restricted in all companies where identification number is detected.

Restricted Suppliers & Directors are listed on CSD under Help - [Am I restricted?](#)
